NEW

VISIO M DOUBLE-LEAF DOOR

Closed with magnetic catches
located in the door leaf and frame

No closing strip
and no cover strip at the wing joint

MAGNETIC CATCHES

Magnetic catches allow for quiet door closing, without unpleasant slamming. Magnetic attraction remains the door closed without a traditional lock. Their discreet, concealed design emphasizes the modern and aesthetic character of the interior.

NEW

SPRING-LOADED RAIL CLOSER

Designed for interior entrance doors, including fire doors, on wooden or metal frames. It is a more economical alternative to a concealed door closer. Adjustment is made by tensioning the spring, which regulates the closing force.
