Doors with narrow stiles **VISIO with HARMONY CONCEALED SYSTEM**

VISIO with HARMONY CONCEALED FRAME - outward-opening version.

It embodies the essence of contemporary design — a seamless fusion of elegance and functionality. The minimalist structure, defined by slender frames, maximizes the presence of glass, creating interiors that feel brighter, more spacious, and effortlessly connected to natural light.

NEW

NEW HANDLE LIEVE and PURE

Modern door handles without rosettes are a standout trend in contemporary interior design. They are valued for their minimalist appearance, clean lines, and elegant simplicity, which fits perfectly into modern interior designs.

Available in VISIO and HARMONY collection. For other, consultation with the technology department is required.
